# INSTRUMENT ADVENTURES

In this video, get to know the similarities and differences between the ukulele, banjo, and piano. Get your crayons and follow along with this workbook!

Created for

## EXPLORE THE UKULELE!

The ukulele has:

- \_\_\_\_\_ strings
- \_\_\_\_\_ frets
  - Circle the bridge in **BLUE**
  - Circle the nut in **ORANGE**
  - Circle the tuning pegs in **BLUE**

The ukulele is a **STRING** instrument.

## EXPLORE THE BANJO!

The banjo has:

- \_\_\_\_\_ strings
- \_\_\_\_\_ frets
- \_\_\_\_\_ tuning pegs
  - Circle the bridge in **BLUE**
  - Circle the nut in **ORANGE**
  - Circle the 5th string tuning peg in **BLUE**

The banjo is a **STRING / PERCUSSION** instrument. (Hint: this is a trick question!)

(circle the correct answer)

## EXPLORE THE GRAND PIANO!

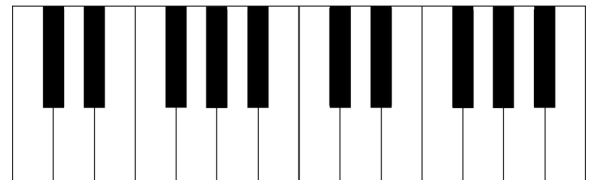

The grand piano has:

- \_\_\_\_ keys
- \_\_\_\_ pedals
  - Where is the damper pedal? \_\_\_\_\_ Color it **RED**
  - Where is the sostenuto pedal? \_\_\_\_\_ Color it **GREEN**
  - Where is the soft pedal? \_\_\_\_\_ Color it (pick your favorite color!)

The piano is a **STRING / PERCUSSION** instrument.

(circle the correct answer)

- 1) Circle the groups of 3 black keys in **BLUE**
- 2) Circle the groups of 2 black keys in **ORANGE**

Grand pianos are usually black, but color yours any way you like it!

## ANSWER KEY

### UKULELE

- 4 strings
- 12 frets
- 4 tuning pegs

The ukulele is a string instrument.

### BANJO

- 5 strings
- 23 frets
- 5 tuning pegs

The banjo is a string AND percussion instrument.

### PIANO

- 88 keys
- 3 pedals
  - Where is the damper pedal? On the right.
  - Where is the sostenuto pedal? In the middle.
  - Where is the soft pedal? On the left.

The piano is a PERCUSSION instrument because while it has strings, it requires a hammers to strike the strings to produce sound.
