SALT LAKE CITY, Utah, January 27, 2024

SALT LAKE CITY, UT – April 20, 2024 – Discovery Gateway Children's Museum is thrilled to announce the grand opening of its latest exhibition, sponsored by Mark Miller Subaru. The unveiling ceremony will take place on April 20th, 2024, at 2:00 pm at Discovery Gateway Children's Museum.

The event will feature remarks from Kathleen Bodenlos, CEO of The Children's Museum, and Jeff Miller, Owner and General Manager of Mark Miller Subaru, who will be cutting the ribbon to officially open the exhibition. Attendees will have the opportunity to explore the exciting new features designed to educate and entertain visitors of all ages.

At the heart of the exhibition is an interactive showcase of solar energy and its role in powering electric cars. Guests will discover firsthand how solar power can be harnessed to fuel an electric Subaru, demonstrating the importance of sustainable energy solutions in the automotive industry. From under the hood and beneath the car, children will be able to work as Subaru employees, gaining a deeper understanding of renewable energy technology in an engaging and hands-on environment.

In addition to the educational experience, attendees can enjoy a variety of car-themed crafts, activities, and delicious cookies as part of the opening celebration. The event promises to be an immersive and entertaining experience for families and children alike.

"We greatly appreciate the continued support from Mark Miller Subaru as we unveil this exhibition," said Kathleen Bodenlos, CEO of The Children's Museum. "It offers our guests an exciting opportunity to learn through play while exploring renewable energy. This collaboration exemplifies Subaru's commitment to community and education, and we're thrilled to be a part of it."

The Mark Miller Subaru exhibit is the result of a collaboration between The Children's Museum and Mark Miller Subaru, building upon an existing partnership to create an immersive experience for museum visitors.
